Suggesting that Mr Mahadevan's request for a
Chevrolet Truck may be considered along with
other demands for vehicles from the Mysore State.

The six vehicles recently allotted
are hardly sufficient even for the requirements of the
Govt Depts. Of late a number of requisitions
from private parties is being received for supply of trucks
Perhaps a Central Agency like the Traffic Board there
might consolidate and consider all such requirements.
The Secy Traffic Board is also the Secy for the Mysore Transport
Board. It may not be possible to allot any vehicle
to the private parties out of the six now allotted to this
Govt. The main file on the subject has been separately submitted.

GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, 7th Decr. 1942

No. 2604-5/W. W184-42-2.

SECRETARY 1215 SORE TRAFFIC BOARD.

Dear Sir,

IMPORT OF FORD AND CHEVROLET CHASSIS UNDER LEASE/LEND ARRANGEMENTS.

I am directed to forward herewith a copy of the Residency letter No. F.123-42/W, dated the 28th Novr. 1942, on the above subject and to request you kindly to furnish your requirements with full details.

Yours sincerely,

To

George Matthan, Esq., B. Sc.,
Secretary,
Traffic Board.

Copy of the Residency letter dated 28th Novr. 1942.

Import of Ford and Chevrolet Chassis under Lease/Lend Arrangements.

The import of transport motor vehicles through ordinary trade channels has practically ceased, and deliveries in India of Ford and Chevrolet standard heavy duty chassis 158" and 160" wheel base with dual rear wheels, tyres 32" x 6, under Lease/Lend arrangements for civil purposes are expected early in 1943. I am to say that in these circumstances the Govt. of India have asked Provincial Govts. to state the number of these vehicles which they will require for essential services existing at present or proposed during the period of six months commencing 1st Decr. 1942, giving as full details as possible of the essential purposes for which they are required. The vehicles earmarked for civil transport and spare parts therefor will be subject to customs duty and distributed through ordinary trade channels at controlled prices.

2. The Govt. of India state that, subject to priorities of claims, certain of these vehicles could be made available to States where vehicles and spare parts are urgently needed for civil work in connection with the war effort. I am accordingly to request that the requirements, if any, of the Govt. of Mysore, with full details of the essential purposes for which the vehicles and spare parts are required, may kindly be intimated to this Residency as soon as possible. It will be necessary that strict control over these vehicles and spare parts should be exercised in the same way as that exercised by Controllers in Provinces so as to ensure that the vehicles and spare parts supplied do not get into the black market.

MM 2-M.

Dear Sir,

Subject:- Ford & Chevrolet Chassis and Spare Parts

With reference to your letter No.T.1743/42-43 dated the 17th December 1942 calling for information as to the number of Ford and Chevrolet Chassis and Spare parts urgently required by the Company, we write to state that, on a similar reference received from the Commissioner of Police, C & M Station, Bangalore some time ago, we have already requested him to secure for us 10 chassis under the Lease/Lend arrangement. We are not therefore in need of any more chassis for the present.

As regards the Spare parts required for urgent use, we send enclosed three separate lists of Spare Parts required for the various models of buses and shall be obliged if you will kindly obtain them for us as early as possible.

We would also request you in this connection to kindly use your good offices to secure for us 16 Ford Re-conditioned Engines of the following models:-

13 of 1937 ;
2 of 1939 ; and
1 of 1940

in exchange for the old engines which we are prepared to send against the supply of new ones. We have to indent for these Engines as the Ford people who were formerly supplying them have stopped the supply.

Thanking you,

Yours faithfully,

Sir,

I have been a permit holder for running a bus service between Maddur and Kollegal for the past twenty years. I have also been the Mysore Railway Out-Agency contractor and continue to be so for the past fourteen years. I am experiencing great difficulty to run the line on account of the impossibility of getting proper replacements for my Reo Bus No. Mys/A 3145 which is a 1938 model. I have already changed the cylinders twice and each time also the pistons and piston rings of local manufacture with very unsatisfactory results. Therefore in the interest of efficient transhipment of Railway parcels which consists mainly of silk yarns I have to put in a new bus for the line immediately. I shall be greatly obliged if you will kindly give me a priority certificate to purchase a Chevrolet Truck under the "Lease and Lend Scheme" from their authorised dealers.

Besides I am also arranging to undertake the contract to convey fuel for the Government Silk Filature at Kollegal which will come under essential war work.

I shall thank you to kindly pass favourable orders in view of the pressing emergency of the situation.

I beg to remain
